❁ Merry Christmas for 2020 and a Happy New Year! ❁

"Thank God for his Son—his Gift too wonderful for words." - 2 Corinthians 9:15 (TLB)

❁ Our Year ❁

This year has certainly been more unusual than most, but nevertheless, a lot of things stayed the same in the Meier household. Elizabeth started working from home mostly permanently, and Peter has continued working for himself in IT. The boys did online school for a couple of months this year but returned to usual school hours from July.

Myles started Middle School this year and has continued doing graphic design. He has also taken up strength training and calisthenics, and he can often be seen doing exercises at home. He also bought a new bike and can often be seen riding around the neighbourhood.

Felix did well in Year 10. His interest in cross country running has continued, although due to social distancing restrictions, he was unable to participate in the school cross country carnival. He still managed to run in the Virtual Park2Park Fun Run with Elizabeth (this involved running a nominated distance locally instead of on an actual track).
